Zionist War Crimes In Palestine Exposed

PALESTINE ZIONISTS GUILTY OF WAR CRIMES & CRIMES AGAINST HUMANITY

WOMEN AND CHILDREN MASSACRED BY ZIONISTS IN SHARAFAT.

By Palestine Arab Delegation
— to United Nations

German leaders were tried, convicted and hanged for committing "war crimes against humanity." The principles of the Nuremberg Charter under which German leaders were convicted were confirmed by the United Nations General Assembly on December 11, 1946. The following acts are held to be crimes against the peace and security of mankind whether committed by authorities of a state or by private individuals:

- a) "Any act of aggression."
- b) "Acts committed to destroy a national, ethnical, racial or religious group."
- c) "Inhuman acts against any civilian population, such as murder, extermination, deportation or persecution on political, racial, religious, or cultural grounds."
- d) "Plunder or looting of public or private property and wanton destruction of cities, towns, or villages."

ZIONISTS COMMITTED

THESE CRIMES IN PALESTINE

- a) Alien Zionists committed aggression against the territorial integrity and national independence of Palestine.
- b) A Zionist alien minority expelled over one million Christian and Moslem Arab citizens of Palestine thereby destroying their national life and violating their birthright.
- c) Zionists committed many massacres, men, women, and children were murdered in cold blood.
- d) Zionists desecrated, profaned and destroyed Christian and Moslem holy places.
- e) Zionists plundered and looted Arab homes, lands, and possessions in the 80% of the territory of Palestine now occupied by Zionists.
- f) Zionists committed and continue to commit inhuman acts of racial and religious discrimination against those Palestine Arabs remaining under Zionist domination in occupied Palestine.

All and each of these acts are "war crimes and crimes against humanity," and "against the peace and security of mankind" for which Zionists should be tried, convicted and punished.

Mr. Winston Churchill on November 17, 1944 stated in the British House of Commons:

"If our dreams for Zionism are to end in the smoke of assassins' pistols and our labors for its future are to produce a new set of gangsters, many like myself will have to reconsider the position we have maintained so consistently and so long in the past. If there is to be any hope of a peaceful and successful future for Zionism, those wicked activities must cease and those responsible for them must be destroyed, root and branch."

Professor Arnold Toynbee, the British historian, in his Study of History Vol. VIII stated:

"The evil deeds committed by the Zionist Jews against the Palestinian Arabs were the massacre of men, women and children at Deir Yassin on the 9th of April, 1948, which precipitated a flight of the Arab population in large numbers from districts within range of the Jewish armed forces, and the subsequent deliberate expulsion of the Arab population from districts conquered by the Jewish armed forces between the 15th of May 1948, and the end of that year. . . . (the Jews knew from personal experience what they were doing.)

MASSACRES COMMITTED BY ZIONISTS

Our Monetary Inflation Cycle

By Douglas M. Smith, Editor
"Smith Index of Money Factors, World Political and Economic Forces."

Regardless of any temporary downturn in the Stock Market, even though it could be quite substantial due to profit taking, we have not seen the extreme all time highs of the Dow Jones Industrial averages for this monetary inflation cycle which started in 1942 and so far shows no sign of completion.

Business will be excellent and profits good for this Fall and Winter.

Let me quote the opening paragraph of my "Forecast for 1963" written January 14, 1963. "There is every indication that the business economy of the United States will continue at a high level. The Smith Index (my own) of money factors is at a high level, indicating a sustaining business economy and also indicates future monetary inflation. Some time during 1963 the Stock Market should reach a new all time high. The basis of the above forecast is the action of the Smith Index and as it proved 100% right during 1962, which separated the men from the boys so far as their ability to judge the movements of the Stock Market and the Business Economy, it should be believed and watched." end of quote.

Since 1933 when the convertibility of our currency into gold coin was outlawed we have been in an era of managed money and monetary inflation.

Our government sells its paper to the Banks who gladly buy it with their depositors money and then are able to loan roughly seven times this amount to clients, which creates new purchasing power. This is monetary inflation and decreases the value of the dollar and its purchasing power. Had the government sold their paper direct to the people there would be no monetary inflation. It is the loans that Banks make after purchasing the paper with its customers deposits that add new deposits with its additional purchasing power that "waters" our currency. It is really a tax on ones deposits which is equivalent to a capital tax. The Banks like it because of the interest they make on the loans. It is pure socialism.

The government-acquiesced monopoly of the labor-unions has resulted in a profit squeeze whose impact has not only been on corporate profits but, due to its competitive effect on exports, has aggravated the unemployment situation. A continuation of this trend along with the philosophy of subsidizing the unemployed regardless of who causes such increase of unemployment, must lead to either further inflation or more severe taxation on both corporate profits and individual incomes. In other words, we as a nation "can't have our cake and eat it."

EXAMPLES OF THESE MASSACRES!

The Massacre of King David Hotel

On July 22, 1946 Zionist gangs blew up the King David Hotel in Jerusalem. 92 men and women lost their lives and 45 were injured. Speaking in the House of Commons on this cowardly crime of Zionist terrorism, the British Prime Minister Mr. Clement Attlee said:

"Members will have learned with horror of the brutal and murderous crime committed yesterday in Jerusalem. Of all the outrages which occurred in Palestine, and they have been many and horrible in the last few months, this is the worst."

The Massacre of Deir Yassin

On April 10, 1948, the village of Deir Yassin in the suburbs of Jerusalem, was attacked according to a prearranged plan agreed upon by the Jewish Agency, the Hagana, Irgun, and Stern gangs. Zionist terrorists rounded up most of its 600 inhabitants. Having looted everything of value in the village, the Zionists next turned their attention to their human booty, slaughtering men, women and children without mercy. On this occasion, about 250 Arabs were butchered. Among these were 25 pregnant women, whose bodies were ripped open with bayonets, and fifty-two mothers with babies at their breasts, as well as about 60 other women and young girls. Little children were cut to pieces before the eyes of their mothers. Some of the Arab women and girls who escaped death were stripped of all their clothing, and herded into trucks. They were then paraded through the streets of the "Jewish Quarter" Jerusalem, where they were subjected to insults and were photographed stark naked.

Jon Kimche, the British Zionist Jew, in his book *Seven Fallen Pillars* wrote:

"Nothing they (Zionists) have said has explained, or can explain away the murder of some 250 innocent Arabs, among them more than 100 women and children. No less disgusting was the subsequent publicity parade by the Irgun of a number of poor Arab prisoners through the streets of Jerusalem. . . . The massacre of Deir Yassin was the darkest stain on the Jewish record throughout all the fighting. . . . it was justified on the grounds that it led to the panic flight of the remaining Arabs in the Jewish State area and so lessened the Jewish casualties."

The Massacre of Qibya

In the evening of October 14, 1953 a fully equipped battalion of the "Israeli" armed forces crossed the demarcation line and attacked the village of Qibya in Jordan killing 42 Arab civilians—4 men and 38 women and children. They destroyed the Mosque, the school, and 40 houses. The chief of staff of the United Nations Truce Supervision Organization indicated that "the attack was carried out with thorough planning by the regular army of Israel." The village was shelled and partially destroyed

King David Hotel was blown up by Zionist terrorists—92 International Red Cross and British Mandate government members were killed and 45 wounded.

and a battalion of soldiers then moved in to kill all the remaining men, women, and children they could find. On November 24, 1953 the Security Council of the United Nations passed the strongest censure of "Israel" action at Qibya.

The Massacre of Kafr Kassem

This massacre was committed on October 29, 1956. The Jewish Newsletter in its issue of December 24, described the massacre as follows:

"The worst massacre occurred in Kafr Kassem. There the curfew was proclaimed an hour earlier than in the other villages. The Mukthar of Kafr Kassen informed as many villagers as he could of the change of the curfew, but many were away working too far from the village to be informed. Two military posts were stationed in the village. One near the Home of the Aged, near Rosh Ha'Ain. Many workers returned from their work on bicycles through this route. Every single one of them was massacred without warning. Some were killed in groups as they came from the fields. A second military unit was stationed near the school, where all the roads of the village cross. A truck with about 15 Arab men and women, who were working in the orange groves, approached the post. The driver, Abu Hilmy from Taiba, was grabbed by the Security Policemen by his neck and shot in the head several times. The women in the truck began to scream and fire was opened on them, too. Seven fell dead instantly. The others began to cry for mercy. The officer stopped the firing and got in touch with some superiors over his transmitter. After about ten minutes talk, the officer gave the order to shoot the rest of the women. One woman, not a resident of Kafr Kassem, held her two months old baby in her arms when she and the baby were shot.

When the Mukthar informed the inhabitants of the change of curfew some children from the village ran to warn their parents who were working in the fields. When they returned they were shot with their parents in groups of five and ten. Those who were wounded were shot again until they were dead. Thus, among the dead were school children aged 8-10 who had gone to warn their parents. Altogether there were 49 dead and 13 wounded in Kafr Kassem alone on that day."

The Massacres of Gaza Strip

During the Zionist occupation of the Gaza Strip in 1956, Zionist forces committed many massacres against the defenseless Arab inhabitants, most of whom were refugees who had already suffered much from Zionist terror in 1948. Zionist forces followed a systematic and planned action killing young men in villages and cities. The United Nations and other neutral sources verified the following figures of victims: 300 men, women, and children were killed in Rafah; 400 in Gaza and 950 in Khan Yunis. 40 students from Gaza were taken to a point near the armistice line and shot. Their remains were removed for decent burial by their families after the Zionists were compelled by the United Nations to withdraw from the area.

DESECRATION AND PROFANATION OF CHRISTIAN AND MOSLEM HOLY PLACES

Moslem Mosques

Zionists destroyed 150 Moslem Mosques in occupied Palestine and converted many to places used for purposes other than worship.

Christian Churches

Zionists desecrated, profaned, destroyed, and looted Christian holy places in a manner that has no parallel in history. The following are quotations from authoritative Christian Clergy:

Monsignor Thomas MacMahon, Secretary of the Catholic Near East Association of New York wrote to the Secretary-General of the United Nations on August 20, 1948 "There have been constantly some violations and desecrations of Catholic holy places. The Associated Press report of August 19, 1948 confirmed that Jewish forces perpetrated criminal acts against 12 Roman Catholic institutions in Northern Palestine . . . Seven churches, convents and hospitals have been looted by Jews and others seized by force."

Convent of Franciscan Fathers in Tiberias The late Monsignor Vergani, General Vicar for the Latin Patriarch of Jerusalem for Galilee, reported on July 27, 1948 the following:

"The chapel was profaned. The altar overturned, the statues of the holy virgin, Saint Francis, and Saint Anthony were broken to pieces."

Church of Mosaic and Hospice in Tabaka

The late Monsignor Vergani also reported: "The chapel was profaned, the door broken open, the statues in pieces, sacred vestments torn and thrown on the floor, the tabernacle opened by force, the chalice stolen, crosses broken."

Our Lady of France Hostel and Church in Jerusalem

Father Pascal St. Jean, Superior of Our Lady of France Hostel reported the following:

"Rooms were ransacked, the archives of our Father Superior were plundered, scattered, and destroyed. The safe was opened, emptied, all money and valuables were stolen. Both chapels were desecrated, figures of Christ unfastened from crosses and taken away. In the great chapel we came upon Jewish soldiers of both sexes dancing in the sanctuary to the music of the harmonium. Benches were taken outside and used for profane purposes. We have seen mattresses in the great chapel and Jewish soldiers have certainly been sleeping there. I protest against these acts in particular. They are sins committed on the premises of holy worship."

Greek Catholic Church, Jaffa

Father A. Rezk of the Greek Catholic Church, Jaffa, reported on August 4, 1956 the following:

"My church has been desecrated by the Jews. Armed Jewish soldiers broke through the Church door. They stole two chalices, and sacred vases containing the Holy Host, three crosses, a patena plate, two altar spoons. They threw away the icons of Jesus Christ and the Holy Virgin in a garden next door."

ZIONIST GUILT

Zionists stand guilty as charged before the bar of history and world opinion of "WAR CRIMES AND CRIMES AGAINST HUMANITY." The Zionist crimes enumerated in this indictment are but a few of the premeditated atrocities and murders, carefully executed according to a set pattern by Zionists against the defenseless Christian and Moslem Arabs in Palestine previously disarmed by the British Mandatory Administration.

Those who support Zionist aggression and illegal occupation in Palestine condone genocide, looting of Arab homes and possessions, and obliteration of Palestine Arab national birthright, identity, and heritage. They are, in fact, aiding and abetting "war crimes and crimes against humanity."

INJUSTICE MUST BE RECTIFIED

Peace in Palestine and the Middle East will never prevail until this injustice is rectified. The Arabs of Palestine seek today to awaken the world conscience to their plight and to the injustice they have for so long suffered. The Arabs of Palestine have existed in exile from their ancestral homeland for 16 long years. They held steadfastly hoping that one day the civilized world would respond to their call.

The Near East has endured tension and an arms-race for 16 years. Time has proven that the Zionist adventure in Palestine has failed; it brought nothing but war and bloodshed. Zionist continued aggression and occupation in Palestine can never be conducive to peace and stability in the Near East; it must be terminated by the United Nations and the Palestine problem must be solved according to justice and international law.

REPUBLIC OF PALESTINE A HOLY LAND OF PEACE FOR ALL FAITHS

We pray these facts will prompt fair minded people all over the world to support the just cause of the Christian and Moslem Arabs of Palestine, the innocent victims of Zionist terrorism. The objective of the Christian and Moslem Arabs of Palestine is to restore the territorial integrity of Palestine and reconstitute it as a sovereign state for its indigenous lawful citizens. Freed from Zionist terrorism and occupation, Palestine will again become a land of peace, and will be preserved as the Holy Land for all faiths.

UNICEF PROMOTES COMMUNISM

The millions of dollars received from the sale of so-called UNICEF Christmas cards are primarily used to finance communism and thus our own destruction.

If you are enjoying yourself this Hallo-
we'en, fine. If you are having fun going
door to door, that's excellent.

BUT IF YOU ARE RAISING MONEY
UNDER THE UNICEF TRICK OR TREAT
PROGRAM, then there are some things you
should know—

UNICEF stands for "The United Nations International Children's Emergency Fund." However, it renders no service either to children or to mothers or citizens of any country.

The great majority of the money it raises goes to COMMUNIST DOMINATED COUNTRIES and is used against us by our enemies!

The main purpose of the HALLOWE'EN connection is to give this financial TRICK respectability by associating it with churches, civic organizations, and American boys and girls.

It is another TRICK to deceive Americans into financing their own destruction.

SENATE HEARINGS HAVE REVEALED COMMUNISTS IN UNICEF

Hearings of the Senate Internal Security Subcommittee have revealed a number of communists and pro-communists working for the UNICEF.

Many members of the national committee to promote the UNICEF program have been affiliated with one or more communist fronts. Communist governments have representatives on the UNICEF BOARD.

It is time we Americans awakened to the insidious method of our enemies to use even our children to accomplish their purpose, which is to overthrow our country. It is time our churches and civic organizations INVESTIGATE before they PARTICIPATE; only in this way can they avoid allowing their good reputations to be deceitfully used and abused by LEFT-WING PRO-COMMUNIST organizations.

Above all, let us stop any further attempts to USE OUR CHILDREN, under the cover of HALLOWE'EN.

COMMUNIST COUNTRIES BENEFIT FROM UNICEF

According to figures in the UNICEF Executive Board Report of April 1957, 75¢ out of every dollar contributed by the United States government went to communist dominated countries and these countries received 25 times more than they contributed. It is doubtful that this proportion has changed at all in the past few years unless it has been in the direction of a greater share for the communist conspiracy. All of the communist and iron curtain countries and some other nations contribute in non-convertible money and this money can be used only to hire citizens from these countries to work for UNICEF or one of the UN agencies, or to purchase goods from that

country, or to return it as aid along with additional funds to that country, or for training in that country.

THUS, THE FUNDS OF MANY CONTRIBUTING TO UNICEF CAN BE USED ONLY WITHIN THEIR OWN NATION. THEY HAVE CLEVERLY ARRANGED IT SO THAT THEY GET THEIR OWN MONEY BACK AND FUNDS FROM THE U.S. AS WELL.

Christian Economics, October 4, 1960, states that "better known private charity groups collect and spend one dollar at a cost of seven cents; administered by a municipality, the cost is twenty-seven cents; by a state, the cost is one dollar for each dollar; and by our Federal Government, the cost is three dollars for each dollar of government charity."

AND—DON'T SEND ME A UNICEF GREETING CARD

Another source of income for UNICEF is through the sale of so-called greeting cards, especially for Christmas. Most artists who design these cards are from communist countries and many have communist front connections. Funds received benefit primarily communist countries. Here are a few of the ugly UNICEF cards, from this year's selection. The most atrocious ones could not be printed due to the horrible mess of lines and colors.

UNICEF admits they accepted the "spiritual values of the many peoples" which includes Mohammedans, Buddhists, the Hindus, the Confucianists and all others represented in the United Nations, most of whom do not celebrate Christmas. The United Nations has no God. Its cards reflect materialism which every true Christian should reject.

WE ARE FINANCING OUR OWN DESTRUCTION

According to the UN correspondent of the London Times, the UN has taken money from its "Children's Fund (UNICEF)" and lent it to the UN for its Congo operation. UNICEF sources in Washington deny that private contributions are going to the UN. But a spokesman admits the U.S. government had "loaned" the UN almost all of America's \$12 million contribution to UNICEF. The US donation accounts for about one half the entire budget.

By helping UNICEF in any way, you help the communists. Your money might have helped enslave 600 million Chinese, or more recently, 5 million Cubans.

Our Monetary Inflation Cycle

— Continued from page 1 —

To anyone who understands International Banking the 15% tax on Foreign Securities is ineffective because large buyers can open a foreign bank account and have the bank buy and hold the securities until told to sell them abroad and return dollars to their clients. The real motive behind this in my opinion is control of ones money. In time of peace the people should not permit Congress to place controls on their money.

The only safeguard to protect ones money is to demand of your Congress that the government return to the convertibility of ones money into gold coin. From 1915 to 1955 the French Franc lost 99% of its buying power by monetary inflation. Our dollar has lost roughly 58% of its 1939 purchasing value. Felix E. Wormser estimates "the loss in purchasing power of Life Insurance Policy holders from 1939 to 1959 as 145 billion dollars." He also states "approximately 45% of the total assets of Life Insurance Companies was invested in U.S. Gov. bonds in 1946 whereas today it is only about 5%." This does not denote confidence among insurance executives in the governments ability or desire to maintain the purchasing power of the dollar or its integrity.

Common stocks are much safer today because they are not a fixed dollar liability (like Bonds) which can be paid off in depreciated dollars. Common stocks sell at the price people are willing to exchange them for dollars. As the dollar drops in its purchasing value the sellers of stock ask more for them.

BRICKS FOR THE NEIGHBOR'S HOUSE

Today those who work hard and save their money are being taxed to the point of a gradual confiscation and the administration, through monetary inflation and control of over a hundred billion dollars of taxes, can exert sufficient pressure to get Congress to vote as they are asked or lose the administration election support and tax money that would otherwise be spent in their state.

To maintain ones capital from here on one will require a knowledge of the monetary factors that make or break the economy and increases or decreases the purchasing value of our dollars, and to keep close watch on the factors.

Friends of the "Bearded One"

Adam Yarmolinsky

The Kennedy administration has been extremely careful to prevent the public from learning what happened the night of the Bay of Pigs fiasco and who were most deeply involved. These we now learn were **Richard Goodwin**, of the State Department, and **Adam Yarmolinsky**, of the Defense Department, together with **Adlai Stevenson**. Both Goodwin and Yarmolinsky are Jews; and Yarmolinsky has admitted that he had attended communist meetings and was chairman of the committee which selected 75 of Kennedy's top job appointments.
